Be aware

We will never knowingly walk past an unsafe or unhealthy act or condition

Think

We believe that work should have a positive effect on physical and mental health and wellbeing, and that all accidents or harm are preventable.

We are committed to a goal of no accidents and no harm to people

- ✓ Health, safety and wellbeing is a business priority and a key measure of leadership. Our Directors, Senior Leaders and Managers will lead by promoting best practice by being visible, supporting teams and providing the equipment, facilities, documents and support needed as well as ensuring adequate investment in people through training and development.
